LA CASA

## **Associazione di idee intorno alla casa**

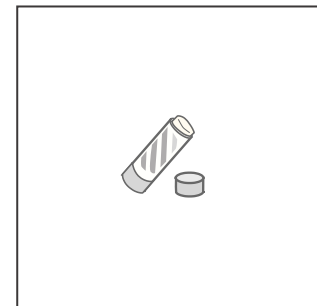

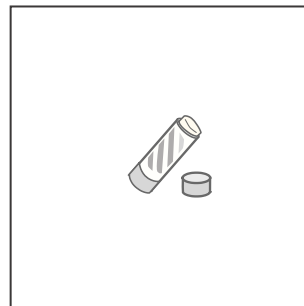

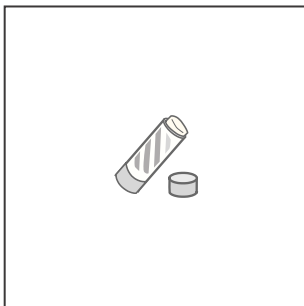

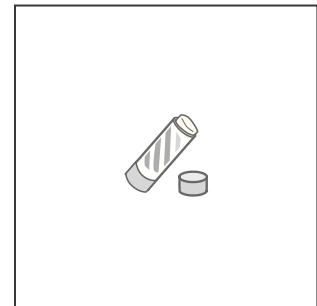

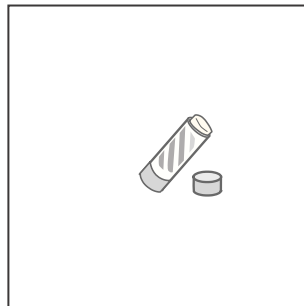

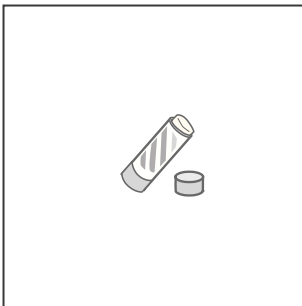

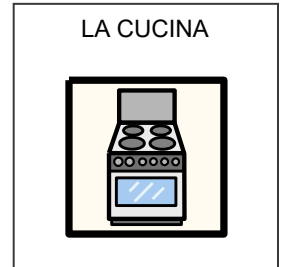

Stampa questo fascicolo a foglio singolo

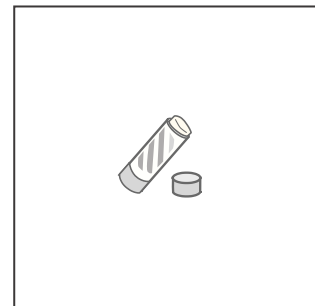

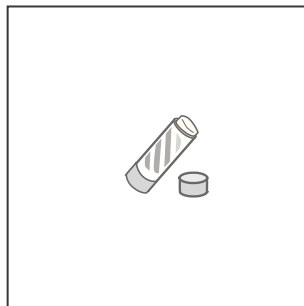

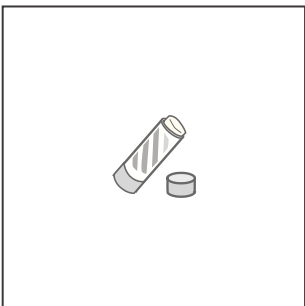

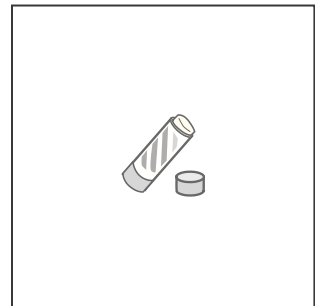

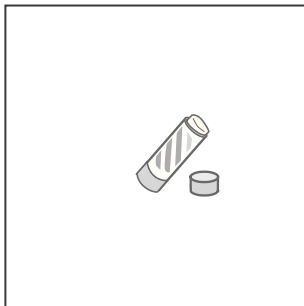

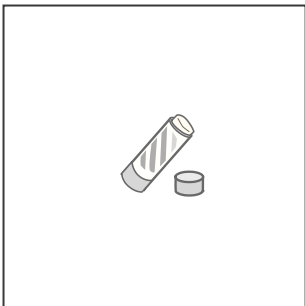

Nella seconda parte di questo fascicolo trovate delle tessere da tagliare e incollare sui fogli dedicati rispettivamente alla cucina, al salotto, alla camera da letto, etc.

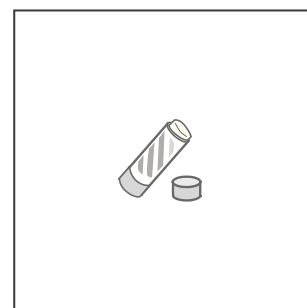

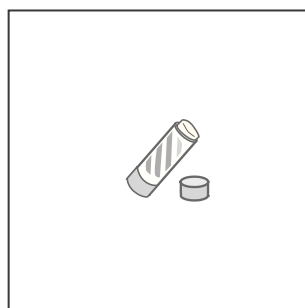

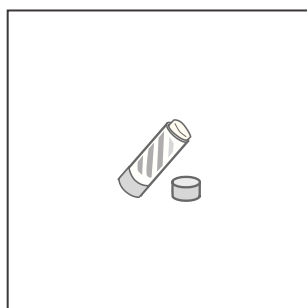

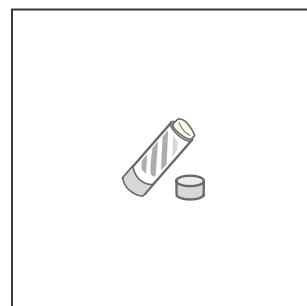

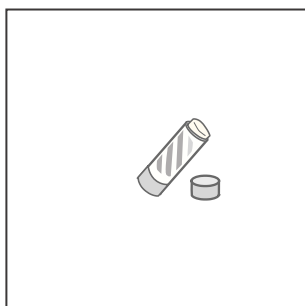

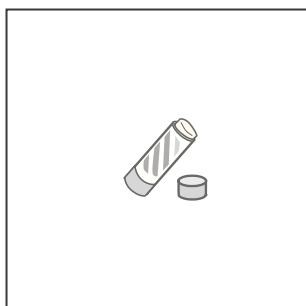

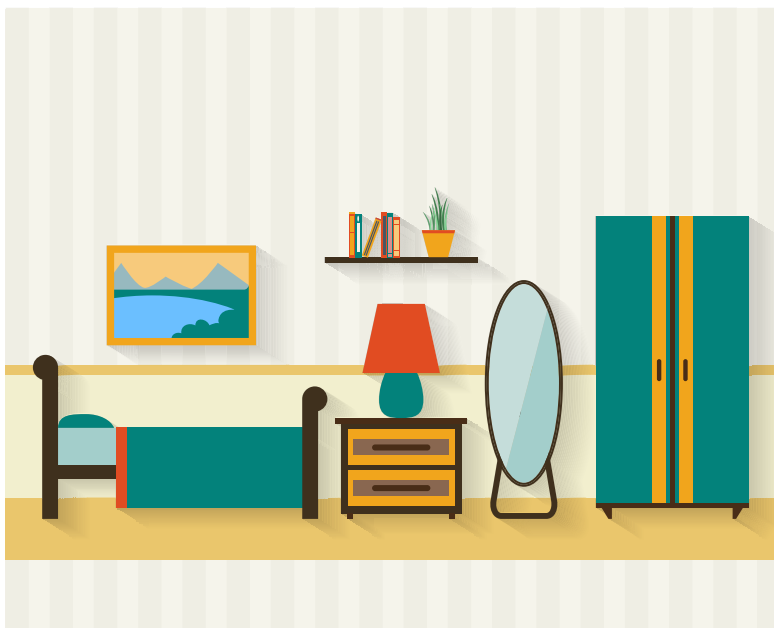

Mettete a disposizione del bambino tessere miste, pertinenti e non, cosicché possa ragionare sulle associazioni corrette.

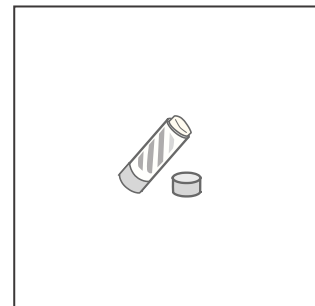

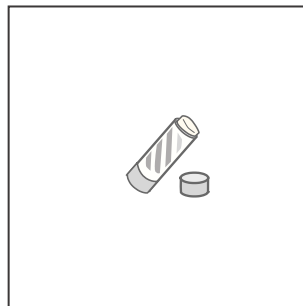

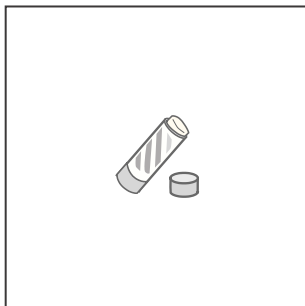

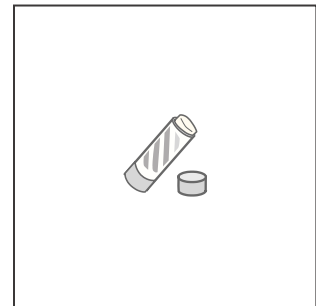

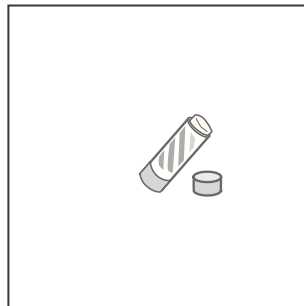

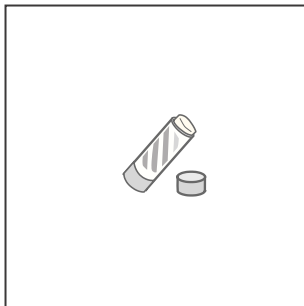

Usate poche tessere alla volta se il bambino ha difficoltà visive o di attenzione sostenuta o, al contrario, tagliatele e mettetele tutte sul tavolo per giocare in più persone, sfidandosi in velocità.

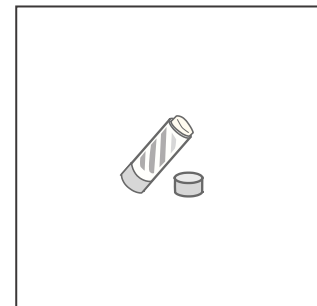

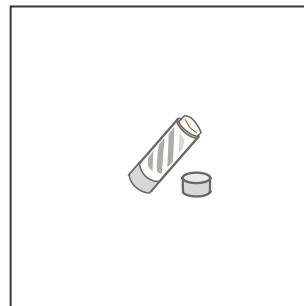

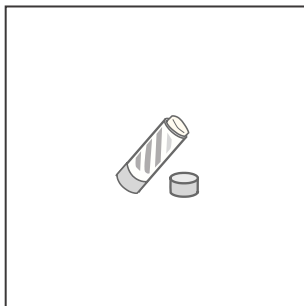

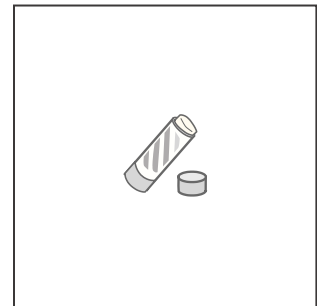

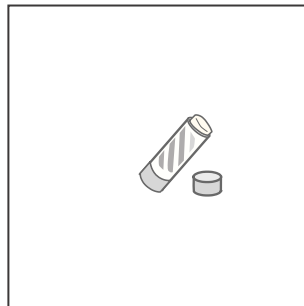

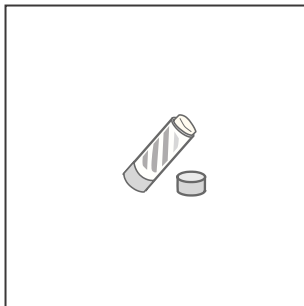

Se il bambino ha difficoltà motorie, un volta individuata la tessera, mettete voi la colla sul lato posteriore e chiedetegli di bloccarla sul foglio con un pugno o qualunque altro movimento grossolano.
