Con la colla stick, fissa qui striscioline di carta che si possano muovere soffiando.

Passa della colla liquida sull'ultimo centimetro in alto di una matita corta poi arrotola una cordicella e lascia asciugare. Assicurati che l'altro capo della cordicella sia abbastanza lungo da poter muovere la matita su questo foglio per disegnare. Ora fissa a questo foglio il capo libero della cordicella con nastro adesivo.

Con la colla stick fissa qui ritagli di carta da pacchi.
